CHRIS LISSMAN

User Experience Engineer
Albuquerque, New Mexico

SUMMARY

I design products that solve the problems of real people in real contexts. My approach is shaped by experience in science and art, with a focus on front-end development and design systems.

EDUCATION

Metropolitan State University of Denver
B.S. Chemistry | *Magna cum laude* (GPA 3.93)

Bloc
UX/UI Design Apprenticeship

SKILLS

Soft Skills	Design
Lateral Thinking	Wireframing
Analytical Approach	Prototyping
Communication	Mockups
Empathy	Design Systems
Curiosity	Usability Testing

Code	Research
HTML5	Interviews & Surveys
CSS3 / Sass	User Flows
JavaScript	Personas
React	Competitive Analysis
Git / Github	User Stories

Tools

Figma
Adobe XD
Adobe Photoshop
Adobe Illustrator
Invision

PROJECTS

Cira   bit.ly/cira1
Cloud Storage for Designers

· Researched cloud storage users and market

· Implemented scalable design system

· Created low and high fidelity prototypes

· Tested prototypes and designed solutions to discovered difficulties

· Designed brand guidelines

BlocJams   bit.ly/blocjams
Music Player for the Web

· Coded accessible, responsive music player with both JavaScript and jQuery

· Constructed features based on user stories

· Documented code analysis in GitHub Gist

· Used GitHub at each stage of development

· Deployed and tested across devices

EXPERIENCE

Bloc *2019–Present*
UX/UI Design Apprentice

· Completed 1000+ hour project-based boot camp under the mentorship of accomplished UX professional

· Conducted usability testing with wireframes and high-fidelity prototypes and developed solutions to problems

· Developed scalable design systems and components in Figma

· Built and launched prototypes of an Android app and responsive web applications on Github

· Created and developed brand identities including brand name, brand guidelines and logo

Lionborn *2014–2018*
Colorist

· Collaborated with creator to create published graphic novel

· Focused readers' attention on crucial story elements through the use of color theory and contrast

· Employed professional flatters

· Crafted custom brushes and textures for illustration
